Sources for the Lexical Bands

Source	Description
Word Family Framework (WFF)	The Word Family Framework (WFF), designed by Richard West, constitutes a searchable resource and comprises over 22,000 vocabulary items arranged according to six levels aligned with the CEFR. It shows how words within the same family are placed at different levels. Teachers can use the WFF to plan courses, syllabi and lessons. Accessed from: https://www.teachingenglish.org.uk/article/word-family-framework
English Vocabulary Profile (EVP)	The English Vocabulary Profile (EVP) constitutes a searchable resource and provides information about which words (and which meanings of those words) and phrases are known and used by learners at each level of the CEFR. Demonstration accessed from: http://englishprofile.org/wordlists/evp-demo
Academic Word List (AWL)	The Academic Word List (AWL), first developed in 1998 and reviewed in 2000, is a set of 570 high-frequency words compiled from a corpus of 3.5 million running words in written academic texts. Source: Coxhead, A. (2000). A new academic word list. <i>TESOL Quarterly</i>, 34 (2), 213-238. Accessed from: https://www.wgtn.ac.nz/__data/assets/pdf_file/0020/1626131/Coxhead-2000.pdf
Academic Vocabulary List (AVL)	The Academic Vocabulary List (AVL) is based on 120 million words of academic texts appearing in the Corpus of Contemporary American English (COCA). The list was developed in 2013 by Gardner and Davies. Accessed from: https://www.academicvocabulary.info/
Cambridge Dictionary	The Cambridge dictionary, an online, corpus-informed dictionary served as a resource for items that did not appear on the EVP or WFF. Accessed from: https://dictionary.cambridge.org/
Academic Formulas List (AFL)	The Academic Formulas List includes formulaic expressions most frequently appearing in academic speech and writing. Source: Simpson-Vlach, R. & Ellis, N.C. (2010).
